

“Blood Donation Camp”

Human blood is an essential element of human life with no substitute. Voluntary blood donors are the cornerstone of a safe and adequate supply of blood and blood products. NSS Unit of Uka Tarsadia University organized Blood Donation Camp in tribute to spiritual soul Shri Naranji Bhakta at Maniba Bhula Nursing College on 23rd July 2022. All the preparations such as arrangement of beds, sanitization etc. were made. A team of doctors and nurses from the local Shree Sardar Smarak Hospital, Bardoli had reached in time. 2 students (2 Girls) and 2 faculties of **C. G. Bhakta Institute of Biotechnology, Uka Tarsadia University** donate their blood. Total 81 people donate their blood from Uka Tarsadia University. NSS coordinator Vrutika Lad and volunteers of CGBIBT took their responsibilities very well. The purpose of blood donation camp is to select a suitable donor whose blood is safe to the recipients and who himself shall not in any way be harmed by blood donation. It was certainly a memorable day for us. I, along with other people, decided to donate blood in future also.
