

ACADEMIC YEAR 2022 -2023

Training and Placement Cell

The goal of Training & Placement Cell is to provide career opportunities and training to CGBIBT Students in Leading Organizations.

Directives:

1. Arrange training for students in industries
2. Invite reputed organizations in the field of Biotechnology and Microbiology to the campus for recruitment
3. Recognize the core competencies in students which help to place them in the appropriate career
4. Accomplish 'Institute - Industry Interaction' by organizing the national seminars, thus providing a platform for the rising technologists to interact with professionals from various industries.
5. Arrange visits to industrial organizations to introduce students to future job opportunities.
6. Encourage students to select related industrial problems as a part of their project work.
7. Sign MOU's with industrial organizations for mutual benefits.
