

Report of Online Certificate course in Recombinant DNA Technology (Batch-III)

Online Certificate course in Recombinant DNA Technology(25 hrs)has been conducted successfully from 23rdJune to 27th June 2020. This time participants were from Pakistan (Sindh) and different states of India. Participants were not only UG and PG students but also An MBBS, MD, Inspire fellow, faculty of more than 15 years teaching experience, and Several PhD and post doc. All lectures were delivered by Dr. Gopal Jee Gopal, Asst. Professor, C.G.Bhakta Institute of Biotechnology Participants were not only from Private Universities and state university but also from several central universities like, Gurughasidas central university, Jamia milia, BHU etc. Inauguration and Valedictory function was graced by our guest Prof. ArvindDeshmukh, President of Microbiologist Society, Professor G. Naresh Kumar, former HoD, Department of Biochemistry, The M.S.U. Baroda, Dr. Praveen Verma, Senior Scientist, NIPGR, and Prof. R. Krishnamurthy, C.G.Bhakta Institute of Biotechnology & Dean, Faculty of Science, Uka Tarsadia University.

Let me quote Feedback from participants of III Batch as follow:

1. “The course was well mananged by Dr. gopaljee sir. The overall sessions were very informative and helpful in polishing the already known concepts. We also learnt something new in every topic. This course is surely going to be very helpful in future.”

- **MsAmbikaJangir**
Student,
charusat

2. “It was wonderful experience with DrGopalJee. I came to know about many techniques which can be implemented in research.”

- **Dr. Kaisar Ahmad Allie**
Research Scholar,
Baba Ghulam Shah Badshah University, Rajouri.i.

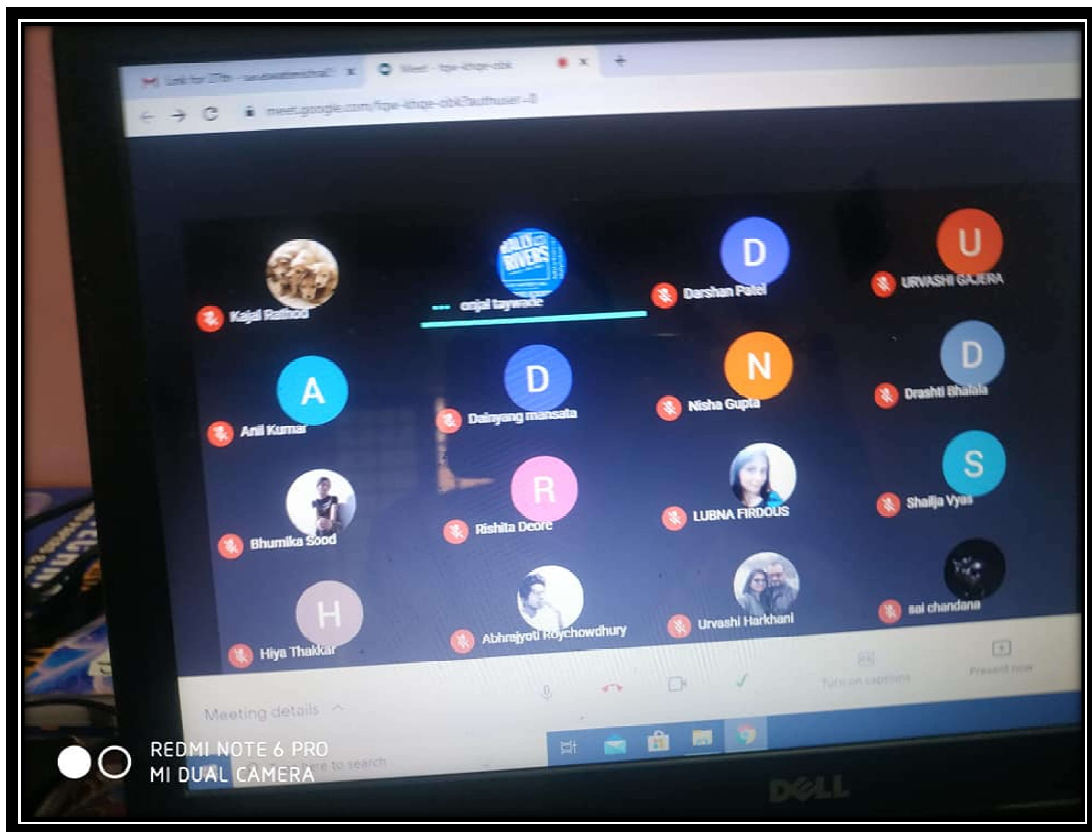

3. “This course is wonderful. Gopal sir is a masterclass, what a depth he has. This course will be benefitted for everyone faculties, students and as well as researchers. Please inform me sir if you conduct this type of course in future. I have many students who really need this type of course. Please don' t mind if I will contact you in future for any type of knowledge.”

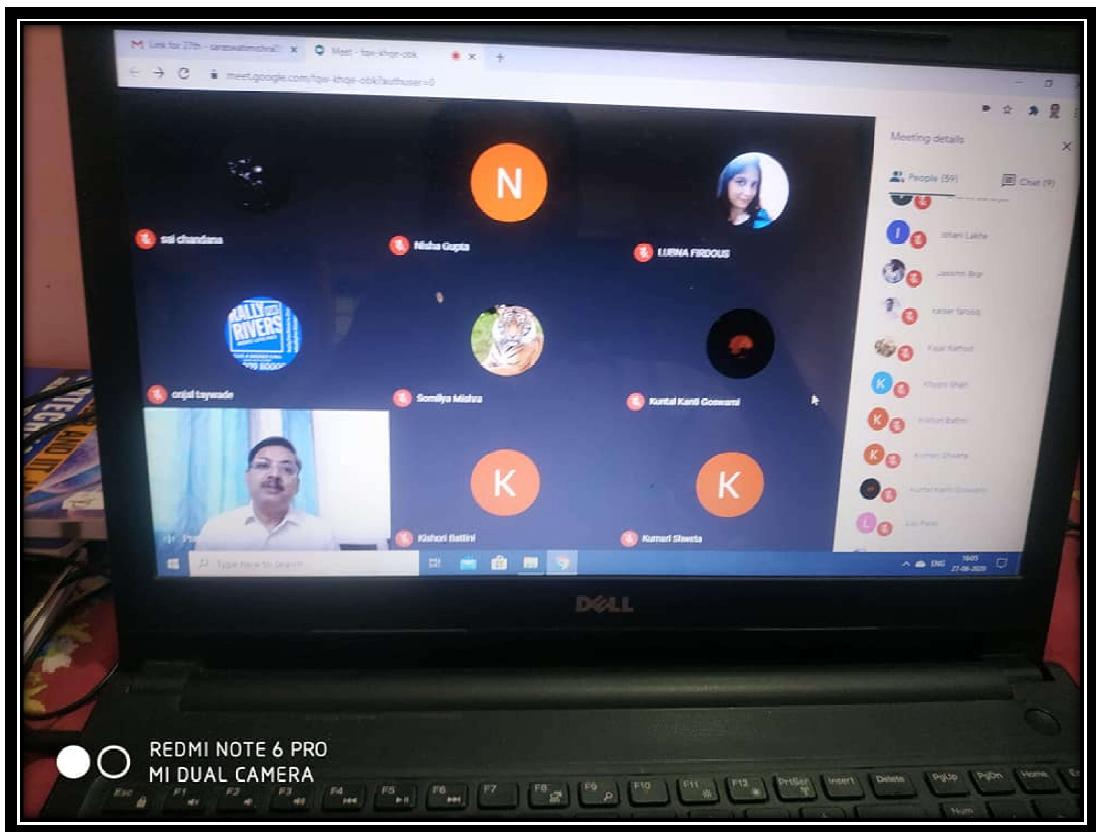

- **Dr. Dipankar Roy**
Teacher,
Dhruba Chand Halder College, West Bengal

4. "Sir,

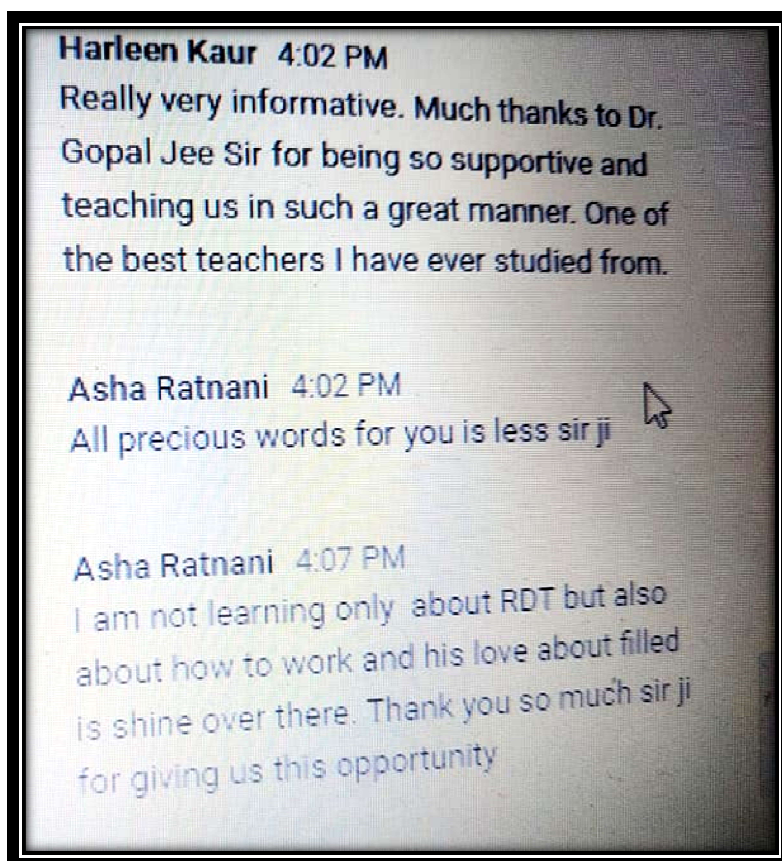

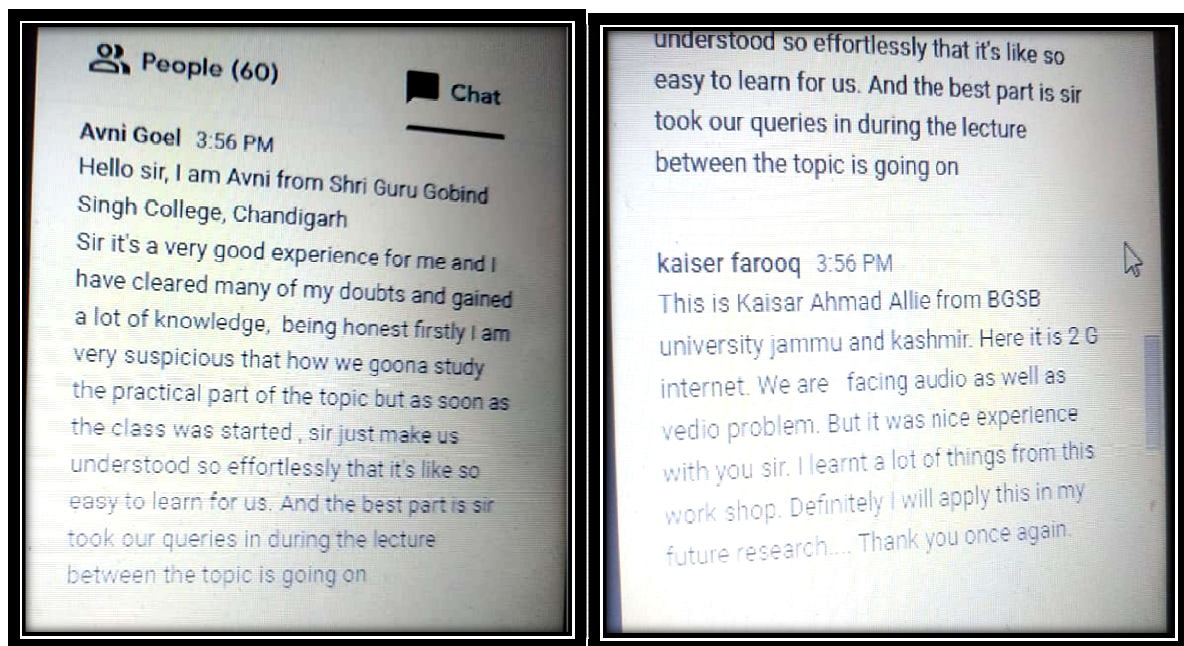

This is really a nice opportunity which I got to attend lectures by you, as my father is also a biotechnologist and he did his phd in molecular biology. Thats why I am very happy to learn more about this subject. As my phd topic is related to nanotech., but I wanted to utilize these times of lockdown in a positive way. Thanx a lot sir, your concepts are very clear and way of communication is also. In further future I want to learn something more if possible. I am wishing a successful life in biotech for you."

- **Dr. KumariShweta**
Research Scholar,
Guru Ghasidasvishwavidyalaya
