

Network of Biotechnology Capacity Building Cells of Gujarat State Biotechnology Mission

Sponsored

Fifteen Days Crash Workshop for Cracking IIT-JAM, GAT B and other national entrance exams

from

December 12 to 26th, 2023

Organised by

Resolving Double Helix For Life

C. G. Bhakta Institute of Biotechnology

Uka Tarsadia University

Maliba campus

Mahua Road, Tarsadi, Bardoli

Dist. Surat – 394350, Gujarat

Important dates

Registration Date : 10th Dec 2023

Session : 12 to 26th Dec 2023

The Sponsor: Gujarat State Biotechnology Mission

The success in 'Transcripting Brighter Bio-Future' from the neo tool-Biotechnology shall need world-class man-power and both the state and the central governments are working towards it. The Gujarat State Biotechnology Mission [GSBTM] formed under the aegis of Department of Science and Technology, Government of Gujarat; and operational with a few Sector Specialists headed by a Mission Director since April, 2004; is also taking some small but discrete steps towards development of an Institutional Network for Capacity Building Cells [N-BT-CBCs] in the field of Biotechnology. It is being envisaged that structured mentoring and provision of an institutional framework of Cells for Capacity Building shall help the budding biotechnologists to aim and hit high; at increasingly competitive examinations for professional careers in the field of Biotechnology.

The Organizer: Uka Tarsadia University (UGC approved & NAAC accredited)

The Twenty first century and globalization has created the need for evolution of newer centres of learning and higher education in the country. The establishment of Uka Tarsadia University in 2011 by the Bardoli Pradesh Kelavani Mandal with the help generous donation from philanthropic NRIs is an effort towards meeting the growing demand of quality education. The University offers admission in a comprehensive array of academic programs across various disciplines that lead students to self-enrichment and productive careers in their respective profession, government sector and Industry.

C G Bhakta Institute of Biotechnology

C. G. Bhakta Institute of Biotechnology (CGBIBT) is a constituent institute of Uka Tarsadia University. It was established in year 2005 for initiating exclusive education in Biotechnology and Applied Science. It offers 5 years M.Sc. Integrated programs, under graduate, post graduate programs, PGDMLT and doctoral research program in Biotechnology and Microbiology. Since Its establishment, CGBIBT has been striving to emerge as a centre of excellence in imparting career-based knowledge to the students to realize their professional ambition. Many research projects funded by central government agencies in the field of Biotechnology and Microbiology are being carried out. In addition, CGBIBT has also taken up a mission to support the local farming community to grow profitable crops by supplying quality planting materials to them from the sophisticated plant tissue culture lab and climate control green house established and accredited by DBT.

About the Training

The Crash Workshops are an intensive period of training with some of the best available resource persons delivering more than 60 formal lecture sessions with mock tests. Aspirants should be ready for an intensive period of learning. There are no fees for the crash workshops however, to ensure that the enrolled aspirants maintain an attendance of over 90%, a refundable deposit of Rs. 1,000 (TY) from each aspirant has been decided. For TY students the training will be for 15 days (8 hrs/day). Food, kits, books & accommodation will be provided free of cost at the institution

The Trainees

Students in the final year of graduation of any of the Biotech or allied subjects (like Microbiology, Biochemistry, Genetics, Bioinformatics, Environmental Sciences/technology, Molecular Biology, Human Genetics, etc.) can apply for crash workshop. The students in the prescribed number with a good representation from all of the other colleges in the nearby area will be selected and trained. Our centre (NBT-CBC- UTU) has successfully conducted four batches since its inception in 2018. **Many students who has undergone training from our centre have qualified in IIT-JAM, GAT-B, GATE and NET. Last year only, eleven (11) students have qualified for IIT-JAM and GAT-B.**

Feedback of previous batch participants can be found at Link 1 https://www.youtube.com/watch?v=P_0rrYCSr_o Link 2 <https://www.youtube.com/watch?v=3foLwLdnBDQ> Link 3 <https://www.youtube.com/watch?v=J4903haqRl8>

Committee
