

## CIRCULAR

As you all know, we have signed an **MOU** with **The University of Ilorin, Nigeria**. As per this we can mutually arrange exchange programme of some students and faculty members.

The following programmes which are common to both of us are as follows.

1. Plant Biotechnology
2. Microbiology
3. Business Administration
4. Biochemistry
5. Pharmaceutical Science
6. Computer Science
7. Civil Engineering
8. Mechanical Engineering
9. Electrical Engineering

We can select and send 2 students per department as the first batch possibly during July/August 2013.

The students have to bear to and fro Airfare and visa formality expenses. Food and accommodation will be arranged by the University of Ilorin.

You can submit the list of willing students with valid passport document and yellow fever certificate (issued from any Municipal corporation Medical Doctor) to Prof. Dr. R. Krishnamurthy at the earliest to proceed further.

Dr. D.R.Shah

CEO and Provost
