

INTRODUCTION TO PLANT TISSUE CULTURE

A farmers' meet was organized by C.G. Bhakta Institute of Biotechnology (CGBIBT) of UKA Tarsadia University about the Plant Tissue culture technique on 23/01/2013 at UTU campus. In the meeting, both theoretical and practical aspects of plant tissue culture were explained in details to the farmers by the experts with special reference to banana and sugar cane crops. In the morning session experts were briefed about the theoretical aspects of Plant tissue culture techniques.

After lunch, practical classes were conducted on plant tissue culture. The farmers were clarified their doubts with the experts. The meeting was graced by the presence of Dr. D.R. Shah, Provost, UTU, Mr. Baghubhai, Mr. Kirit Bhai of UTU and Chairman, Director and Scientists of Bardoli Sugar factory. More than 200 farmers were attended the one day meeting.
