Course Details

**Online Platform
for Lectures:**

Google Meet

Topics will be covered:

Players of Gene cloning, Various Strategies for Gene cloning and expression of cloned gene in different Expression system, Techniques used in Recombinant DNA technology, Protein/protein and protein/DNA interaction, Different types of PCR, Basic chemistry and mathematics, identification of gene function.

Timing:

05:00 pm to 08:00 pm

Expected outcome:

Participants will be trained to teach RDT in UG and PG courses, able to produce Recombinant Protein in *E.coli* hosts and can shoot trouble faces during research.

Note: You will get **confirmation mail** on **14th Sept. 2020 (Morning)**, with instructions and Google meet link. Download the payment receipt after you pay the registration fees and keep it with you.
